

# VT PROGRAM GUIDE

The following videotape listing represents a wide variety of recently produced tapes in regard to both form and content. These tapes are all ½" produced, though often edited on 1" equipment. In most cases technical standards are high.

Up to the present very few, if any, avant-garde or independent videotapemakers have succeeded in selling their tapes in any way that would come close to be considered economic support. In a questionnaire sent out to people included in this listing, we asked them to try and set prices for their tapes. The prices vary. The differences result from the amount of time people put into editing their tapes; whether or not they own their equipment or had to rent studio-time; and numbers of people working on a single production.

## DOWNSVILLE TV

*Long live Life*—the events in and around Stockholm during the United Nations Conference on the Human Environment; going beyond the pollution problem.

*Friendly Farming*—About some people in Sweden who are rediscovering some basic approaches to farming by working with nature, not against it and the old man who is their inspiration and has much to teach us all about living on the earth and making things grow.

*San Francisco Oil slick*—Coverage of events which took place when two tankers collided in the San Francisco Bay spilling their oil and spoiling the beaches and wildlife. Focus: people really working together to repair their world.

*Downsville TV*—Collage of tapes which were shown over the local cable system made with and about the people of Downsville, N.Y., a small rural town in the Catskills. Includes technical information about how to hook onto the cable from a mobile van.

*The Rosebud Cafe*—A community organizes itself! This is a record of our experiences in getting together a community information/video access center in Delhi, N.Y. from the initial meetings with townspeople to video workshops, yoga classes, Saturday night jam sessions, and numerous other activities for young and old alike.
